

Sacred Dance Guild Vice President Wins Prestigious

Hay House Contest

Lisa Michaels, Vice President of the Sacred Dance Guild, is one of two winners in the prestigious *Boston Movers and Shakers Hay House* contest. “The competition was stiff,” said Lisa. “There are lots of great authors out there, and this is amazing news. I’m basking in the glow,” she added. Contestants were asked to submit a video about their service or product. Lisa is the founding director of Natural Rhythms Institute which promotes living in harmony with the elements. She is also the author of **Natural Rhythms**.

The winning entries were chosen by best-selling inspirational author Cheryl Richardson and by **Reid Tracy, President and CEO of Hay House, Inc.** the largest and most influential self-empowerment publishing company in the world. Hay House will promote a live webinar by Lisa in the fall.
