

Send Out Healing Dances For Japan

Our SDG issues an invitation to all Sacred Dancers worldwide to send out dances of healing for the recent Pacific disaster.

Let us know if you are involved with a benefit for Japan as the days, weeks and months go by.

And join SDG's Vice President on the Full Moon and Spring Equinox for an On-Line Ceremony with a portion of the proceeds going towards Red Cross efforts for Japan.

Dear Sacred Dancers,

This Sunday, March 20, we have a full moon, the sun moving into the sign of Aries, and one of the yearly balance points Spring Equinox.

This type of sun/moon line up provides a boost of energy for your creations. I will be doing both an in-person Atlanta ceremony and an on-line ceremony that day. Please join me if you can.

Prayers and activations for your personal creations and for our global family will be very potent in this window. A portion of the proceeds from both of these events will go toward Red Cross rescue efforts for Japan.
